Klen International is the W.A. Distributor for Solvay Interox

Agricultural & Wetting Agents

Aqua Turf
100% active economy soil wetting agent to aid penetration of water in water repellent soils. (Pack Sizes 5 lt, 20 lt, 200 lt)

Auger Klen Cleaning Solution
A specialty cleaning solution for removal of pickling contamination from grain augers. Forms part of the Auger Cleaning Kit.
WINNER OF THE DOWERIN FIELD DAY INNOVATION AWARD 2005
See Press Room for more details
This System is a world-first and consists of 3 parts. 1 x 3 Seed Dressing Contamination Indicators to enable the user to evaluate the degree of contamination and finally access the efficiency of the clean. 1 x 15L Auger Klen (a high foaming PH neutral detergent and finally 1 x 3 Protection Projectiles to coat the flighting with a food safe anti-corrosive coating. This System completes the initial phase of eliminating contaminated grain through seed dressing contamination from Augers on farm and forms part of Quality Assurance procedures. Klen International is committed in the area of Safe Food Practices and is developing further cost effective, easy to use systems to reduce the risk of Grain Contamination and Grain Rejection from ALL farm equipment.

Auger Klen Contamination Indicators
Flexible projectiles designed to pass through augers and show the degree of contamination from seed dressing solutions. Also used after cleaning to confirm removal of contamination.
WINNER OF THE DOWERIN FIELD DAY INNOVATION AWARD 2005
See Press Room for more details

Auger Klen Protection Projectiles.
Flexible projectiles designed to pass through an auger and provide a thin protective film of food grade oil. Aids in prevention of rusting and in weevil control.
WINNER OF THE DOWERIN FIELD DAY INNOVATION AWARD 2005
See Press Room for more details

Booma
Concentrated foam marking solution for use as long lasting foam blob markers during boom spray operations during seeding and chemical spraying. Available in white, pink and blue. (Pack Size 20 lt)

Cropspur SP
100 % soluble crystalline fertiliser into which has been incorporated a wide range of trace elements. N - 12.8%; P2O5 - 40.3%;K - 13.4%; Copper 0.0034%; Iron - 0.0067%; Manganese - 0.0034%; Zinc - 0.0012%; Boron - 0.0017%; Moly - 0.000046%

Cropspur TEM
Fully soluble trace element mix with high levels of zinc, iron, magnesium, manganese, boron, copper and molybdenum in a chelated form. (Pack Size 1 Kg)

Supa Soke
100 % active long term low foam liquid soil wetting agent for lawns, gardens, bowling greens, golf clubs, and pot plants. (Pack Sizes 2 lt, 5 lt, 20 lt & 200 lt)

Supa Soke Granules
Long term granular soil wetting agent for lawns, gardens, bowling greens, golf clubs, and pot plants. Very economical (Pack Size 10 kg)

Supa Soke Granules (Commercial Grade)
Long term commercial grade graulated soil wetting agent for lawns, gardens, bowling greens, golf clubs, and pot plants. Ideal for nurseries and commercial applications (Pack Sizes 25 kg, 1000 kg)

Ancillary Products

Anti Bac
Sanitiser for hairdressing equipment.

Distilled Water

Hair Shampoos & Conditioners
A number of different varieties for all types of hair.

Catering & Hospitality

Beer Line and Glass Cleaners

Blue Klen
Colour indicator for beer waste trays. (Pack Size 5 lt)

Glass Klen
Non foaming streak free liquid glass washing detergent for glass washing machines. Used in hotels and restaurants. Pack Size 5 lt & 20 lt

Line Klen
Liquid non foam beer line cleaner and detergent for cleaning beer lines and extracting equipment. (Pack Sizes 5 lt, 15 lt, 200 lt)

T.S.P. (Tri Sodium Phosphate)
Powdered non foam beer line cleaner and detergent for cleaning beer lines and extracting equipment. (Pack Sizes 5kg, 25 kg)

Carpet & Fabric Cleaning Products

B4 Spotting Spray
Carpet cleaner spotting spray for removing food and beverage stains, including orange juice, from carpets. An important ancilliary carpet cleaning product (Pack Sizes 5 lt, 15 lt, 20 lt)

Chewing Gum Remover
Carpet cleaner chewing gum remover. A valuable carpet cleaning product (Pack Size 5 lt)

De Foam
Anti foam agent for recovery tank in hot water extraction carpet cleaner machines. An important

ancilliary carpet cleaning product (Pack Size 5 lt)

Fluoroguard
Carpet and fabric protection compound which is ideal for long term stain repellancy. A value adding product for the carpet cleaner and an important ancilliary carpet cleaning compound (Pack Sizes 5 lt, 20 lt)

Rust Rinse
Rust stain remover to remove rust or bore water stains from carpets and all other surfaces . A value adding product for the carpet cleaner and an important ancilliary carpet cleaning compound (Pack Sizes 5 lt, 20 lt)

Slurpex
P.V.A. chamois block for removal of fresh spills and stains from carpets. A valuable aid for the carpet cleaner or householder to remove accidental spills and an important ancilliary carpet cleaning product.

Steam It Liquid
A highly concentrated, low foam liquid carpet cleaner for use in hot water extraction carpet cleaning machinery. Strong residual floral fragrance (Pack Sizes 5 lt, 15 lt, 20 lt)

Steam It Powder
A concentrated, low foam powder carpet cleaner for use in all hot water extraction carpet cleaning machinery. Strong residual floral fragrance (Pack Size 25 kg)

Symphony
Liquid concentrated carpet cleaner for use in hot water extraction carpet cleaning machinery. Strong residual floral fragrance (Pack Sizes 5 lt & 20 lt)

Deodorants

Bouquet
Concentrated room freshener and deodorant with a highly residual spice and floral fragrance. (Pack Sizes 5 lt, 15 lt & 20 lt)

Brook
Concentrated room freshener and deodorant with highly residual ocean, spice and floral fragrance. (Pack Sizes 5 lt, 15 lt & 20 lt)

Fresh Air
Aerosol air freshener and deodorant and sanitiser with potpourri fragrance. (Pack Size 300 gm -- 12 per carton)

Fresh Blocks
Fragrant jumbo deodorant blocks to neutralise unpleasant odours in toilets and urinals. (Pack Sizes 4 kg, 8 kg & 16 kg)

San Care
Sanitiser Space Deodorant and air freshener with residual fruity fragrance. (Pack Size 5 lt, 15 lt, 20 lt & 200 lt)

Floor & Furniture Treatment Products

Dubl Kleen
Dual purpose floor polish cleaner for mopping and spray buffing polished vinyl and linoleum floors. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Link Seal 30
Metal link floor polish sealer finish, self shine, high gloss with hard surface finish. Ideal for linoleum, vinyl, cork and timber. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Master Glo
Specialty furniture polish for cleaning and polishing all types of furniture. Imparts deep lustre to timber surfaces (Pack Size 5 lt)

Strip It
Heavy duty non ammoniated floor polish stripper and wax stripper. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

General Purpose Cleaners

Filter Clean
High powered, non caustic, powdered general purpose cleaner for hand wash equipment especially aluminium filters. (Pack Sizes 25 kg, 200 kg)

Fresh Lime
An economical general purpose cleaner for floors and other surfaces to remove dirt and soiling with fresh citrus lime fragrance. (Pack Sizes 5lt, 15lt & 200 lt)

Gen Klen
Super concentrated liquid general purpose cleaner. Suitable for use on vehicles, floors, walls, vinyl and other hard surfaces. (Pack Sizes 5 lt, 15 lt, & 200 lt)

Heavi Klen
Powdered heavy duty alkali cleaner Caustic Soda based for deep fat fryers and chicken rotisserie racks; Removes fat & protein deposits; Suitable for food industry heavy duty cleaning Not suitable for use on aluminium. (Pack Sizes 2.5 kg, 25 kg, & 200 kg)

Krystal
Spray and wipe hard surface cleaner. (Pack Sizes 5lt & 15lt)

Neptune
Extra heavy duty cleaner for oven and grill top surfaces. (Pack Sizes 5lt & 15lt)

Oven Klen
Heavy duty cleaner for ovens, grill tops, hot plates and fryers. (Pack Sizes 5lt & 15lt)

Rapid Klen
Heavy duty solvent enhanced liquid hard surface cleaner for the removal of fats and greases on walls, floors and equipment. Suitable for use on aluminium and other non ferrous metals. (Pack Sizes 5lt, 15lt & 200 lt)

S21 Multi Purpose Cleaner
General purpose non-caustic solvent enhanced hard

surface cleaner. Removes grease/grime fats and difficult stains on walls, floors and equipment. Suitable for use on all surfaces. (Pack Sizes 5lt, 15lt & 200 lt)

Hand Dishwashing Detergents

Ace
General purpose hand dish washing detergent. Lemon fragrance. (Pack Sizes 5 lt, 15 lt, 200 lt)

Gleamex
Concentrated hand dish washing liquid detergent for dishes, pots and pans. Mild on hands, pleasant lemon fragrance. (Pack sizes 5 lt, 15 lt, 200 lt)

Hi Klen
Liquid general purpose dish washing detergent for all hand washing applications. Safe to use on any surface. Suitable for dishes, floors, benches and equipment used in the catering, hospitality and food processing industries. (Pack Sizes 5 lt, 15 lt, 200 lt)

Regal
Premium concentrate hand dish washing detergent with lime fragrance. (Pack Sizes 5 lt, 15 lt, 200 lt)

Hand Soaps & Scrubs

Accent Liquid Soap
Fragranced liquid soap hand cleaner for use in bathrooms. (Pack Sizes 5 lt, 15 lt & 20 lt)

Hand Klen S
Cream hand cleaner with lemon fragrance and lanolin and glycerine for maximum protection of skin. Ideal for use by mechanics in garages and workshops. Contains abrasive for extra dirt removal. (Pack Sizes 5 lt & 20 lt)

Hand San
An alcohol-based non rinse hand cleaner sanitiser designed for food processing facilities. (Pack Size 4 x 5 lt)

Protect
Viscous liquid soap hand cleaner . (Pack Sizes 5 lt, 15 lt & 20 lt)

San Klen
Liquid soap hand cleaner and hand sanitiser, designed for hand cleaning and hand sanitation by workers in the food processing and catering industries. (Pack Sizes 5 lt, 15 lt & 20 lt)

Sirocco
Waterless abrasive hand cleaner gel suitable for heavy industrial workshop and garage mechanic type use. Pleasant lemon fragrance (Pack Sizes 5 kg & 20 kg)

Wash Klen
Liquid soap hand cleaner for workers in the food and catering industry. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Housekeeping Cleaners

Cerama Klen
Chlorinated powdered hard surface cleaner & destainer for surfaces such as ceramic tiles, grouting, toilet bowls, baths and hand basins. (Pack Size 4kg)

Lift Off Creme Cleanser
Non-abrasive liquid creme hard surface cleaner, pleasantly perfumed, for use on sinks, baths, basins and stainless steel surfaces. (Pack Sizes 5 lt, 15 lt)

Royal F
Concentrated cistern and toilet bowl deodorant for use in toilets and urinals. Leaves a residual fruity fragrance to control odours. (Pack Sizes 5 lt, 15 lt, 200 lt)

Sapphire
Acid cleaner for the toilet bowl and urinal --- pleasant bouquet fragrance. (Pack Sizes 5 lt, 15 lt)

Scour Klen
Abrasive powdered hard surface cleaner detergent scvouing agent designed for hard to remove deposits from pots, pans, porcelain and stainless steel. Streak fee finish. (Pack Sizes 5 kg, 25 kg)

Window Brite
Cleaner for windows, glass surfaces and mirrors. Leaves a streak free finish. (Pack Sizes 5 lt & 20 lt)

Insecticides

Obliter-8
Mint fragranced aerosol insecticide - ozone safe - for control of all flying and crawling insects. (Pack Size 400 gm 12 per carton)

Machine Dishwashing Detergents

Dry Klen
Rinse aid for eliminating water spots from glassware, crockery and silverware in automatic dishwashing machines in conjunction with machine dish washing detergent. (Pack Sizes 5 lt, 15 lt)

Machine Klen
Liquid alkali chlorinated machine dish washing detergent for automatic dishwashing machines, used in conjunction with our electronic dosing equipment. (Pack Sizes 5 lt, 15 lt)

Scale Klen Liquid
Liquid acid detergent for removing hard water scale in dishwashers, urns, tea and coffee pots where machine dish washing detergents may leave a water scale after extended use.(Pack Sizes 5 lt, 15 lt & 200 lt)

Shinee Dish White
Chlorinated machine dish washing detergent powder for domestic and commercial use(Pack Sizes 5 kg, 25 kg) .

Sanitisers/Cleaners

Citrus Clen
Economy sanitiser cleaner with strong lemon fragrance (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Lemonex
Concentrated liquid sanitiser cleaner, for use in toilets, bathrooms and general areas. Leaves a pleasant lemon fragrance. (Pack Sizes 5 lt, 15 lt & 200 lt)

Pine Cone
Budget pine fragranced sanitiser cleaner. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Pine Klen
Concentrated, high viscosity pine oil based sanitiser cleaner. Ideal for janitorial and general maintenance cleaning of offices, stores, workshops and toilets. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Pinex
Super concentrated pine fragranced liquid sanitiser cleaner for use in toilets, bathrooms and general areas. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Spice Air
Spice fragranced sanitiser cleaner for use in toilets, bathrooms and general areas. Can be applied by jet spray, as an effective room deodorizer. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Dairy & Agriculture

Add Klen
Teat dip emollient additive to help in controlling chaffing and cracking of cow teats.
(Pack sizes 15 L, 120 L & 200 L)

Blitz Foam
Detergent cleaner, acid sanitiser combination --- one shot cleaner incorporating iodophor, acid and surfactants allowing both cleaning and sanitation. (Pack sizes 20 L, 120 L & 200 L)

Boom Klen
Concentrated boom spray liquid alkaline cleaner for the decontamination of all agricultural spraying equipment. Removes residues of herbicides, pesticides and fungicides, inhibits corrosion and lubricates pumps. (Pack sizes 5 L, 15 L, & 200 L)

CIP Klen
Heavy duty liquid alkaline detergent for cleaning milking machine and milk tanks. (Pack sizes 15 L, 120 L & 200 L)

Dairy Klen (Std or Low Foam)
Powdered alkaline detergent (low foam for CIP applications or standard foam) for the cleaning of milking machines and dairy equipment. Tolerates water hardness up to and including 800mg/l. (Pack sizes 15 kg, & 200 kg)

Dairy Seige
Iodophor based liquid acid cleaner/sanitiser with complex surfactant system formulated to be used at 35 Deg C to clean and control bacteria in milking equipment. (Pack sizes 20 L, 120 L & 200 L)

Dual Klen Plus
Heavy duty powdered detergent cleaner/sanitiser for use with hard water. The halogen sanitiser provides efficient cleaning/sanitising in any water hardness. (Pack sizes 15 kg, & 200 kg)

Glycerine Additive for Teat Dips - Food Grade
Pack sizes 5 kg & 15 kg

IO Klen (Std or Low Foam)
Liquid iodophor sanitising compound for milking machines and bulk tanks. (Pack sizes 20 L, 120 L & 200 L)

Paraffin Oil - Food Grade
Pack sizes 5 kg, 20 kg & 200 kg

Plate Klen
Heavy duty alkaline powdered detergent for the removal of fats and solids from milking machines and equipment. (Pack sizes 5 kg & 10 kg)

Propylene Glycol (Food Grade)
Emollient additive for teat dips to prevent chaffing and cracking of cow teats (Pack sizes 5 kg, 15 kg & 215 kg)

Rinsa Klen
RINSA KLEN is a post milking biodegradable cold water rinse additive, designed for the effective rinsing of milk from milking machines and equipment. RINSA KLEN will aid removal of fat, grease and protein deposits and assist the cleaning function. (Pack sizes 15 L & 200 L)

Scale Klen Liquid
Liquid low foam acid detergent for cleaning and removal of milkstone, water staining, calcium buildup and scale from hard surfaces. Ideal for CIP processes. (Pack sizes 1 L, 5 L, 20 L, 120 L, & 200 L)

Scale Klen Powder
Powdered low foam acid detergent for cleaning and removal of milkstone, water staining, calcium buildup and scale from hard surfaces. Ideal for CIP processes. (Pack sizes 15 kg & 200 kg)

Teat Klen
Chlorhexidine digluconate based liquid teat dip and sanitiser for post milking application by spray or dipping to control cracking chapping and mastitis. (Pack sizes 20 L, 120 L & 200 L)

Teat Treat 250
Concentrated Iodophor teat sanitiser that allows a 1:4 dilution for maximum economy. Complies with Countdown Downunder requirements when diluted correctly. (Pack sizes 20 L, 120 L & 200 L)

Teat Treat Ready To Use
Ready to use iodine based teat sanitiser complying with the requirements of Countdown Downunder and APVMA. Achieve maximum

efficiency with minimisation of dilution errors. (Pack sizes 120 L, 200 L & 1000 L)

Udda Klen
Liquid iodophor teat sanitiser with built in emollients for pre and post milking application for Mastitis control on cow teats. (Pack sizes 20L, 120 L & 200 L)

ULT-M-8
ULT-M-8 is a liquid acid detergent cleaner/anitiser for one shot descaling, cleaning and sanitising of equipment in the food and beverage processing industry. Complements the use of one shot alkaline detergents such as SOLO PLUS or CIP KLEN. (Pack sizes 20 L & 200 L)

Dust Control & Soil Stabilisation Compounds

Claybreak
Natural blend of polymers and surfactants to beak up the cohesiveness and reduce the water resistance of soils with high clay content. (Pack sizes 20 L & 200 L)

Crustex
Heavy duty crust forming polymer for temporary or semi permanent soil stabilisation assisting permanent revegetation programs --- compatible with all plant forms and bio-degradable to plant nutrients. Ideal for all types of soils (Pack sizes 20 L & 200 L)

Food Processing Industries (Abattoir, Dairy, Smallgoods)

Acid Detergent Cleaners/Sanitisers

Acid Klen
Powdered acid detergent cleaner for the removal of mineral deposits and scale from equipment in the food processing, beverage and dairy industries. Low foam detergent makes it suitable for CIP cleaning (Pack sizes 2.5 KG, 25 KG & 200 KG)

Bac Klen
Liquid acid cleaner detergent sanitiser for use in the food processing and dairy industry. Does not contain chlorine, Q.A.C. phenolics or iodine. (Pack Sizes 15 L & 200 L)

Rust Klen
Liquid heavy duty liquid acid detergent concentrate for the removal of rust from rust contaminated meat handling gear. Suitable in bath applications for general rust removal from steel surfaces. (Pack sizes 15 L & 200 L)

Scale Klen
Liquid low foam acid detergent cleaner for the removal of milk stone, hard water scale from food processing, beverage and dairy equipment. Suitable for CIP cleaning. (Pack Sizes 5 L, 15 L & 200 L)

Spiro Klen
Liquid acid low foam detergent cleaner for the removal of milk stone, hard water scale from food processing, beverage and dairy equipment. Suitable for CIP cleaning. Ideal for use in Ultra Filtration plants (Pack Sizes 15 L & 200 L)

Food Processing Ancillary Products

Hook Oil (Cannis Oil)
Lubricant, rust preventative and dewatering oil for hooks, gambrels, rollers and overhead rails used in the meat processing industry. Approved Type B. (Pack Sizes 20 L & 200 L)

Kote Klen
Solvent based dewatering fluid for rust prevention of hooks gambrels and rollers used in the meat processing industry. Approved Type B. (Pack Sizes 20 L & 200 L)

General Purpose Detergents Cleaners and Sanitisers

Advance
Complex formula chain lubricant, sanitiser and cleaner for can, glass, plastic bottling lines and slat conveyors. Dilute 1:600. (Pack Sizes 200 lt & 1000 lt)

All Klen
A premium grade high foaming, powdered general purpose detergent, for all hand washing of equipment in food industries. Suited to hard water conditions. (Pack Sizes 25 kg & 200 kg)

Anti-Foam
Concentrated compound anti foam additive to eliminate foam in bottle washing and CIP systems in the food industry. (Pack Sizes 20 lt & 200 lt)

Boot Wash
General purpose detergent sanitiser for cleaning and sanitising work boots via foot bath application. For use in food processing areas. (Pack Sizes 20 lt & 200 lt)

Butta Slip
Powdered detergent for lubricating surfaces to assist in the handling of butter (Pack Size 200 kg)

Chain Klen
Chain lubricant and cleaner for can, glass, plastic bottling lines and slat conveyors. Dilute 1:400. (Pack Sizes 200 lt & 1000 lt)

Glide
GLIDE is a highly concentrated chain lubricant with amine sanitisers for use on chain and slat conveyor lines in the food and beverage industry. Suitable for all types of packaging conveyors. Dilute 1:300 to 1:600. (Pack Sizes 200 lt & 1000 lt)

GP Klen
An economical foaming, powdered general purpose detergent, for all hand washing of equipment in food industries. (Pack Sizes 25 kg & 200 kg)

Hi Klen
Liquid general purpose dish washing detergent for all hand washing applications. Safe to use on any surface. Suitable for dishes, floors, benches and equipment used in the catering, hospitality and food processing industries. (Pack Sizes 5 lt, 15 lt, 200 lt)

Horizon
Concentrated high performance QAC detergent sanitiser Can be used as a manual or foam cleaner in all food processing applications (Pack Sizes 20 lt & 200 lt)

Journey
A "one shot" alkaline detergent and foam cleaner with built in corrosion inhibitors, foam stabilisers and anti-redposition agents. Soft metal safe. Suitable for cleaning of all equipment, floors, walls and benches using foam cleaning techniques(Pack Sizes 15 L, 200 L)

Klen 108
Bromine and chlorine based free rinsing powdered detergent sanitiser with very broad spectrum biocidal capability for all sanitising applications in the food processing industry (Pack Sizes 25 kg & 200 kg)

Kloro Klen
Premium grade powdered low foam detergent sanitiser for all hand and mechanical washing of equipment and surfaces in the food processing industry. Soft metal safe.(Pack Sizes 25 kg & 200 kg)

Phossie Det
Highly concentrated acid detergent sanitiser foam cleaner used for foam cleaning of external surfaces and equipment in the food processing, dairy and beverage industry. Also used for the removal of hard water calcium and lime deposits, soap scum, mineral and rust stains. (Pack Sizes 15 lt & 200 lt)

Phossie San
Highly concentrated acid detergent sanitiser foam cleaner used for the foam cleaning of external surfaces, equipment, utensils and hard surfaces in the food processing, dairy and beverage industries. (Pack Sizes 15 lt & 200 lt)

S21 Multi Purpose Cleaner
General purpose solvent enhanced liquid non caustic detergent cleaner and hard surface cleaner. Removes grease, fat deposit, grime and difficult stains. Soft metal safe (Pack Sizes 5 lt, 15 lt & 200 lt)

Vat Klen
Powdered alkaline chlorinated detergent cleaner and sanitiser designed especially for the cleaning and sanitising of milk vats to remove proteins and butter fat. Can be used in water hardness exceeding 800 mg/L and leaves the surfaces sparkling clean. (Pack Sizes 25 kg & 200 kg)

Hand Soaps for use in Food Processing Industries

Hand San
An alcohol-based hand sanitiser.(Pack Size 4 x 5 lt)

Protect
Viscous liquid hand soap for use in food processing industries. Approved Type A. (Pack Sizes 5 lt & 15 lt)

San Klen
Liquid sanitising hand soap, designed for hand cleaning and sanitation by workers in the food processing and catering industries. Approved Type B. (Pack Sizes 5 lt, 15 lt and 200 lt)

Wash Klen
Liquid hand soap for operators in the food processing and catering industries. Approved Type A. (Pack Sizes 5 lt, 15 lt and 200 lt)

Heavy Duty Alkaline Cleaners

Astro Chlor
Chloinated alkaline detergent foam cleaner and sanitiser for use in the food processing industry. Suitable for cleaning of all equipment, floors, walls and benches using foam cleaning techniques (Pack Sizes 15 lt & 200 lt)

Bottle Klen
Powdered caustic bottle washing detergent for all hydro and soaker machines.

Carbo Clean
Liquid non-foaming detergent for poly carbonate bottle washing.

Crate Wash
Low foaming alkaline cleaner for removing soil from plastic packaging crates.

Gear Klen
Powdered heavy duty alkaline detergent for removal of grease and fats from meat handling grear. Use only on ferrous metal, not alloys.

Heavi Klen (No Foam)
Non foaming detergent powder; Caustic Soda Base; Removes fat & protein deposits; Suitable for food industry heavy duty cleaning (Pack Sizes 2.5 kg, 25 kg, & 200 kg)

Heavi Klen Std
Foaming heavy duty powdered cleaner; Caustic Soda based; Removes fat & protein deposits; Suitable for

food industry heavy duty cleaning (Pack Sizes 2.5 kg, 25 kg, & 200 kg)

Plate Klen
Heavy duty alkaline single stage cleaner for CIP cleaning of heat exchangers in the dairy industry and food processing plants especially where heavy deposition of calcium and protein occurs during product processing --- reduces acid cleaner use (Pack Sizes 15 lt, 200 lt & Bulk)

Solo Klen
Heavy duty liquid single stage cleaner for CIP cleaning including tankers vats pasteurisers and product delivery lines --- reduces acid cleaner use (Pack Sizes 15 lt, 200 lt & Bulk)

Solo Plus
Liquid heavy duty alkaline detergent caustic soda based for single stage cleaning in the food industry (Pack Sizes 15 L, 200 L & bulk).

Supa Klen
Very highly concentrated powdered heavy duty caustic based alkaline detergent cleaner designed for difficult cleaning situations in the dairy, fruit juice and food processing industries. Low foam detergent making it ideal for CIP cleaning (Pack Sizes 2.5 kg. 25 kg & 200 kg)

Tank Klen
Highly concentrated, caustic based low foam CIP cleaner suitable for in place cleaning of silos, bulk tanks and milk tankers and associated pipes in the dairy industry. Finds excellent application in beverage, brewing, smoke house cleaning and other applications where high levels of causticity are required. (Pack sizes 15 lt, 200 lt, 1000 lt and bulk)

Sanitisers

Chlorine Dioxide
Broad spectrum sanitiser with multiple applications in the food processing industry. Especially effective in the poultry vegetabel and meat industries.

Fresh Up
Peroxide based non rinse sanitiser for all food preparation surfaces. Extremely broad spectrum biocide. (Pack Size 20 lt)

Klen 108
Bromine and chlorine based free rinsing powdered detergent sanitiser with very broad spectrum biocidal capability for all sanitising applications in the food processing industry (Pack Sizes 25 kg & 200 kg)

Proxitane
Peracetic acid liquid non rinse sanitiser for all food processing industry applications. Will not affect stainless steel. Suitable for CIP sanitation. (Pack Sizes 25 kg & 250 kg)

QT 50
Highly active liquid dual Q.A.C. sanitiser, deodoriser, fungicide and disinfectant for all types of surfaces in the food processing industry. Applications by spraying, fogging or swabbing diluted solutions. (Pack Sizes 15 lt & 200 lt)

Quat Klen
Highly effective liquid Q.A.C. sanitiser, deodoriser, disinfectant for all types of surfaces in the food processing industry. Applications by spraying, fogging or swabbing diluted solutions. (Pack Sizes 15 lt & 200 lt)

Steri Klen
Powdered low foam chlorinated detergent sanitiser. Has a wide application for many cleaning and sanitising applications including walls, floors, equipment and utensils as well as mould control odour control within the food processing industry. Also suitable for CIP cleaning. (Pack Sizes 18 kg & 180 kg)

Graffiti Protection and Graffiti Removal Products

Envirocure 1951
Water based concrete curing compound giving maximum moisture retention for newly poured concrete floor slabs eliminating the need for ponding with water to reduce shrinkage cracks and maximise strength of concrete Contains light fugitive pink tracer dye (Pack Sizes 20 lt, 200 lt)

Envirocure CR309
Chlorinated rubber concrete curing compound for newly poured concrete floor slabs eliminating the need for ponding with water to reduce shrinkage cracks and maximise strength of concrete and complies with the high efficiency requirements of ASTM C309 (Pack Sizes 20 lt)

Environite
Safe silico fluoride system concrete hardener which seals, hardens, dust proofs concrete and natural and reconstituted limestone surfaces. (Pack Sizes 20 lt, 200 lt)

Enviroshield 1954
Water based low gloss masonry and concrete sealer for walls and floors against penetration of stains, water, oils, greases etc. (Pack Sizes 20 lt & 200 lt)

Enviroshield 205
Clear high gloss 2 pack polymer protective coating to provide outstanding resistance to chemicals, oils, grease etc abrasion and heavy vehicle traffic. (Pack Size 11.75 lt)

Enviroshield F
Water based non yellowing sacrificial anti graffiti coating. Low gloss finish (Pack Sizes 20 lt, 200 lt)

Enviroshield G
Solvent based cross Linked 2 pack acrylic polyureythane non sacrificial anti graffiti coating warranted for 10 years. High gloss and very durable. (Pack Size 11.25 lt)

Industrial (Automotive, Marine and Mining)

Alu Seal
Specialty clear coating to coat aluminium hulled boats after cleaning.

Automate
Concentrated detergent specifically formulated for the cleaning of trucks, buses, cars and all commercial vehicles.

Ban Rust
Bore water and rust stain removal from masonry, buildings and fibreglass boats.

Brite-Al
Acidic cleaner and brightener for aluminium. i.e. truck bodies, seatainers and caravans.

Laundry Industry

Laundry Liquids

Bloom
Concentrated, premium liquid laundry detergent which contains optical brighteners for a cleaner wash in hot or cold water with lasting floral fragrance. (Pack Sizes 5 lt, 15 lt, 200 lt)

Cascade
Neutral pH liquid laundry detergent suitable for use on woollens. (Pack Sizes 5 lt, 15 lt, 200 lt)

Treasure
Concentrated enzymatic premium liquid laundry detergent formulated to brighten and clean clothes and help reduce pilling in cotton garments. Suitable for domestic use and can be used in warm or cold water with lasting floral fragrance. (Pack Sizes 5 lt, 15 lt, 200 lt)

Laundry Powders

Blue Brite
Quality free flowing laundry detergent powder containing optical brighteners for use in domestic and light institutional laundries. (Pack Sizes 5 kg, 15 kg, 25 kg & 200 kg)

Brite Flo
Economy lemon laundry detergent powder. (Pack Sizes 25 kg & 200 kg)

Forest Biowash
Premium concentrated enzymatic laundry detergent powder with a strong residual fragrance for use on heavily soiled garments. For use in domestic and light industrial laundries. Use in cold or warm water. (Pack Sizes 5 kg, 15 kg, 25 kg & 200 kg)

Forest Cold Wash
Premium quality concentrated laundry detergent powder which incorporates activated oxygen bleaching agents and a strong residual fragrance for use in all machines. Safe to use on white and colours. Use in cold or warm water. (Pack Sizes 5 kg, 15 kg, 25 kg & 200 kg)

Klen 200
Medium to heavy duty alkaline industrial laundry detergent powder. (Pack Sizes 25 kg & 200 kg)

Klen Chlor
Chlorine based laundry detergent bleaching powder for use where particularly heavy soilage has occurred. (Pack Sizes 25 kg & 200 kg)

Launda Klen
Laundry detergent powder containing a blend of anionic, non anionic surfactants to lift dirt from clothes, with added water softeners and soil dispersants. Storng residual lemon fragrance. (Pack Sizes 5 kg, 25 kg & 200 kg)

Miscellaneous Laundry Product

B4 Prewash Spray
Concentrated pre-wash laundry detergent spotting spray for the removal of grease, grass and oil stains from garments. (Pack Sizes 5 lt, 15 lt & 20 lt)

Bleach
4% Sodium Hypochlorite laundry detergent bleach for use in laundry for white and colour fast cottons and linens. Will remove stains, mildew and scorches. (Pack Sizes 5 lt, 15 lt, 20 lt & 200 lt)

Hydrogen Peroxide
An oxygen based laundry detergent liquid bleach for removal of stains. Safe on colured materials and all types of fabric. 50% active Hydrogen Peroxide. (Pack Sizes 25 kg & 225 kg)

Iron Aid
Liquid ironing aid with built in starch. A necessary laundry detergent aid (Pack Size 4 x 5 lt)

Napi Aid
Cleaner sanitiser for nappies. Removes all biological stains and other common stains and sanitises whilst soaking. Suitable for white and coloured garments. A necessary laundry detergent aid. (Pack Sizes 5 kg & 25 kg)

Oxybrite
Oxygen bleaching powder, for soaking white and coloured garments. Safe on poly cotton materials. A necessary laundry detergent aid. (Pack Sizes 5 kg, 25 kg)

Soft Touch
Concentrated liquid fabric conditioner, fabric softener and anti-static agent with pleasant residual floral fragrance. Ideal for bathroom towels. A necessary laundry detergent aid. (Pack Sizes 5 lt, 15 lt & 20 lt)

Super Bleach
Concentrated liquid chlorine bleach for disinfection and stain removal in both industrial and domestic situations.

An essential laundry detergent aid. (Pack Sizes 5 lt, 20 lt & 200 lt)

On Premise Laundries (O.P.L.)

ASF Sour
Neutralises excessive alkali laundry detergent powder -- added to final rinse. (Pack Size 25 kg)

Cardinal
Liquid alkaline laundry detergent designed for use in O.P.L. Suitable for cotton and polyester materials. (Pack Sizes 15 lt, 20 lt & 200 lt)

Co-Solve
Water soluble blend of solvents. An important laundry detergent aid for removal of grease or food stained garments. Add to the break wash cycle. (Pack Sizes 20 lt & 200 lt)

Eclipse
Fabric softening and conditioning liquid product for O.P.L. Ideal for bathroom towels. A necessary laundry detergent aid. (Pack Sizes 20 lt & 200 lt)

Escape
Highly alkaline low foam liquid laundry detergent designed for use in the ?Break? wash cycle in OPL, industrial and commercial laundries for removal of heavy soils and to increase the efficiency of Escape laundry detergent. (Pack Sizes 20 lt & 200 lt)

Ideal
Enzyme enhanced liquid laundry detergent for removal of blood, grass, protein and faecal stains, designed for manual machines and O.P.L. Helps prevent cotton pilling.(Pack Sizes 20 lt & 200 lt)

Phossic
Blended liquid acidic sour designed for O.P.L. to neutralise excess alkaline residues in the final rinse or removal of rust staining from clothes. An essential laundry detergent aid. (Pack Sizes 20 lt & 200 lt)

Union
Combined liquid fabric softener, fabric conditioner and sour for improved economies by combining fabric softening and sour operations in one step. An important laundry detergent aid. (Pack Sizes 20 lt & 200 lt)

Mining Products

Fire Assay Flux
Fire Assay Flux is used in geochemical assay laboratories for detection of gold in ore samples. KLEN International is Australia's premier manufacturer and supplier of quality, low gold flux. Our quality system guarantees the levels of gold in the fire assay flux are less than 1-1.5ppb in the litharge component of the flux, making it ideal for low level assay work.

KLEN's Fire Assay Flux can be custom-made to specific formulations and a variety of packaging options are available. KLEN can manufacture both granular and powdered flux.

KLEN International supplies its Fire Assay Flux to the majority of the Australian market and exports the product to every gold producing country across the world.

Further details and quotations are available on request.

Reagents & Raw Materials

Specialty Products

Sona Cleanse
Ultrasonic detergent cleaner for use in ultrasonic and manual cleaning.

Stonecare (Sandstone, Granite, Pavers, Porcelain, Limestone, Slate, Terracotta & Concrete)

Advantage
ADVANTAGE is a spirit/solvent based penetrating sealer designed for use on dense surfaces with low porosity such as granite and porcelain surface finishes. It will leave the surface with a natural finish and will protect against most common household items including red wine, butter, margarine, and cooking oil. It will allow the surface to retain its natural appearance while still providing protection. The durability of the product makes it suitable for use in interior and exterior environments and may be buffed with a soft cloth or white buff pad to further enhance the natuarl appearance as desired. It is suitable for Porcelain, Granite, dense Limestone and Vitrified Tiles. (Pack sizes 1 L 4 L 20 L & 200 L)

Amaze
AMAZE is a heavy duty liquid acid detergent claener for the removal of grout, cement smears and stains from slate and terracotta tiles prior to sealing. (Pack sizes 1 L, 5 L, 20 L & 200 L)

Anti-Eff
ANTI-EFF is a blend of acids ideal for removal of efflorescence stains from all masonry and stone surfaces prior to sealing and protection. ANTI-EFF is also suitable for removel of grout smear from Pavers, Terracotta and Sandstone. It should not be used on clay pavers (Green Devil is a better option) Diluted ANTI-EFF is ideal for cleaning coloured concrete pavers. ANTI EFF has no detergent properties (Pack sizes 1L, 5L, 15L & 200L)

Clearseal
CLEARSEAL is a water based sealer primarliy designed to be used as a preseal to help with clean up of grout and mortar prior to use of another protective sealer such as Tuscan Seal or Stone Clear It also finds application as a water repellant sealer for masonry walls. Clearseal is invisible to the naked eye and will not change the appearance to the surface treated. It is not designed to be the final sealer used on masonry floors. Clearseal will require retreatment every 3 - 5 years (Pack Sizes 1L, 5L, 15L and 200L)

Cyclone
CYCLONE is a specialty solvent for use in the stripping of solvent based sealers such as Enhance, Endure, HD sealer, etc. Use rate depends on the surface being cleaned and the number of coats of sealer on the surface. Not all sealers can be removed with CYCLONE For difficult to remove sealers use Multi Strip (Pack sizes 1 L, 4 L, 10 L & 20 L)

Defend
DEFEND is a penetrating liquid that hardens and binds the surface of porous and friable surfaces, limestone in particular. It can also be used on less porous surfaces such as tile, brick, natural stone and grout. The treated surfaces will be easier to clean and maintain. Other sealers in the Klen range can be used over the top of DEFEND. (Pack sizes are 1L, 4L, 10L and 20L).

Diamond Seal
Premium grade spirit/solvent based high durability acrylic sealer for use in beautifying and protecting slate and stone. Imparts a wet look to the surface and is primarily for tradesmen who are looking to apply less coats (less labour) to achieve the level of gloss required by the customer. (Pack sizes 20 L & 200 L)

Endure
ENDUREis a "one part" spirit/solvent based acrylic sealer for use in the sealing of all types of slate , sandstone and all types of concrete or clay pavers for protection against the penetration of common stains, vegetable oils, grease etc. It allows for easier cleaning as well as adding depth and sharpness to the colours of concrete or clay pavers by imparting a glossy "wet look" finish. It will also provide a seal against water for use in wet or damp applications such as around swimming pools, and it resists the emergence of efflorescence. Any scratching can be removed by re coating the sealed surface. ENDURE is suitable for both internal and external use (Pack sizes 1 L, 4 L, 10 L, 20 L & 200 L)

Enhance
Enhance is a solvent based acrylic resin designed to highlight and darken the surface to be sealed. It will enhance the colour of the stone and may give a glossy wetlook, dependent upon the type of stone to be sealed. More coats will produce more shine, so the recommendation is for two even coats. Coverage is dependent upon the porosity of the surface, so a test patch is recommended.
Enhance provides protection against the penetration of stains, vegetable oils, grease, etc.
Enhance is especially good on limestone, tumbled marble, dull natural stone and river pebbles.
Enhance comes in 1L, 4L, 10L, 20L and 200L containers.

Green Devil
GREEN DEVIL is a liquid acid detergent ideal for removal of efflorescence stains from all masonry and stone surfaces prior to sealing and protection. GREEN DEVIL is also suitable for removel of grout smear from Terracotta and Sandstone. It should not be used on coloured concrete pavers (Pack sizes 1L, 5L, 15L & 200L)

Grout Seal
As its name implies, GROUT SEAL is used to seal the grout between tiles to aid cleaning and maintenance. One to two coats of the product should be applied to dry grout with a fine brush. Any residue on tile surfaces should be wiped off immediately. (Pack size is 1L).

HD Cleaner
HD CLEANER is a powerful water based degreaser & detergent cleaner formulated for safe and effective removal of heavy grease and soil deposits encountered in kitchen, food preparation areas, plant, machinery and workshops. HD cleaner has excellent foaming and cleaning characteristics. It is also ideally suited to cleaning heavy grease, diesel fumes and road grime from truck engines and bodies and also find application in removal of heavy duty dirt deposits on stone slate and concrete floors. (Pack sizes 5L, 15 L & 200 L)

HD Sealer
HD SEALER is an extra heavy-duty, high solids spirit/solvent based sealer developed for tradesmen (reduced labour cost as less sealer required) to protect very porous surface including porous slate, concrete, sandstone, most pavers and other masonry surfaces. Provides a high gloss, very durable coating, imparts a wet look and is suitable for internal and external use. It is not suitable for dense surfaces such as Terracotta nor Porcelain (Pack sizes 1 L, 4 L, 10 L, 20 L & 200 L)

Hi-Lite Seal
HI-LITE SEAL is a solvent based sealant that can provide darkening of the surface without leaving a gloss. It may cause some surfaces to become slippery, so if applying around pools, a test is recommended. HI-LITE is best suited to pavers where a darker look is desired. (Pack sizes are 1L, 4L, 10L, 20L and 200L).

Klen Aqua Barrier
KLEN AQUA BARRIER is a coating style sealer suitable for use on a wide variety of stone and other types of masonry surfaces. It is especially formulated to provide a high degree of resistance to water penetration, and is especially effective when used around water features. It provides stain resistance against coffee, vegetable oil, wine spills, etc., whilst leaving the surface with a low gloss sheen. KLEN AQUA BARRIER may darken some surfaces, so a small test area is recommended. (Pack sizes are 1L, 5L and 15L).

Maestro
MAESTRO is an excellent cleaner disinfectant and is used to treat most stains caused by moss, moulds, tannins and leaves on masonry and timber surfaces. It will kill spores that create moss and mould and remove the black deposits left from this source of staining (Pack size 5 L & 20 L).

Multi Strip

MULTI STRIP is a broad spectrum blend of specialty solvents for use in the stripping of difficult to remove sealers. Use rate depends on the surface being cleaned and the number of coats of sealer on the surface. Most sealers can be removed with MULTI STRIP (Pack sizes 1L, 4L, 10L & 20L)

Multiseal
Water based heavy duty sealer for use on slate, sand stone, concrete and paver surfaces. Will not cause any colour darkening (wet look) of the substrate caused by spirit/solvent based sealers. A tough film will be formed with 3 - 4 coats of MULTI SEAL that will repel most househould substances that may cause staining. Suitable for internal use (Pack sizes 1 L, 5 L, 15 L 200 L)

Pinnacle
PINNACLE is an extremely heavy duty penetrating invisible sealer for use on a wide variety of sandstone, limestone, and other types of porous masonry surfaces. PINNACLE is suitable for both interior and exterior use. PINNACLE is especially formulated to provide the maximum degree of stain resistance against the majority of compounds which will stain a floor (including coffee, vegetable oil, margarine, butter red wine etc) whilst maintaining the natural appearance of the stone appearing as if it is in its raw state. PINNACLE will not affect the finish or slipperiness of the surface that has been sealed. PINNACLE will also allow the transmission of water vapour from the surface. PINNACLE may very slightly darken some surfaces and a small test area is recommended. PINNACLE comes with a 5 YEAR WARRANTY when applied in accordance with instructions. Proof of purchase required. Terms and conditions apply -- details available from reseller. (Pack sizes 1L, 4L, 10L & 20L)

Preseal Concentrate
PRESEAL CONCENTRATE is a water-based sealer formulated for use on slate, stone, brick, plaster and other porous materials used in teh construction industry. Treating surfaces with PRESEAL CONCENTRATE will increase their resistance to water. It is also of benefit in limiting moss development and reducing efflorescence and heat transfer. (Pack size is 15L).

Refresh
REFRESH is a light duty neutral detergent cleaner concentrate for routine/weekly cleaning of all sealed surfaces and will asist in promoting a longer life for the sealer. It is compatible with, and will not effect the gloss on floors sealed with ENDURE, MULTISEAL or HD SEALER plus most other sealers. REFRESH is designed for use in cold, warm or hot water and will remove and clean food deposits, general dirt, soil and grime build up and will prevent transfer of these soils to other areas such as carpets etc. by foot traffic. (Pack sizes 1L, 5L & 20L)

Stirling
STIRLING is an alcohol-based penetrating sealer designed to prevent staining on porous surfaces such as sandstone, concrete pavers, terracotta, limestone and travertine. The surface will retain its natural appearance. (Pack sizes are 1L, 4L, 10L and 20L).

Stone Clear
STONE CLEAR is a new generation extremely heavy duty penetrating invisible sealer for use on a wide variety of stone limestone and other types of masonry surfaces. STONE CLEAR is suitable for both interior and exterior use. STONE CLEAR is especially formulated to provide the maximum degree of stain resistance against the majority of compounds which will stain a floor (including coffee, vegetable oil, margarine, butter red wine etc) whilst maintaining the natural appearance of the stone appearing as if it is in its raw state. STONE CLEAR will also allow the transmission of water vapour from the surface. STONE CLEAR may very slightly darken some surfaces and a small test area is recommended (Pack sizes 1 L, 4 L, 10 L & 20 L)

Stoneseal
STONESEAL is a water based sealer used for the sealing of walls and floors against penetration of stains, water, oils, greases etc., STONESEAL is a one resin system with integral components activated by evaporation of moisture and exposure to light. It finds its main use in sealing of sandstone. pavers,limestone, blockwork, brickwork and stone walls and floors, where a high gloss and wet look associated with solvent based sealers is not desired. However, it can be effectively used in protection of:
a) Concrete and brick paving areas.
b) Masonry walls where penetration of moisture is a problem.
c) Stone surfaces where damage by oils, grease and the occasional spillage of petrol needs to be prevented.
STONESEAL can be used both internally and externally and is not subject to yellowing. (Pack sizes 1 L, 5 L, 15 L & 200 L)

Tuscan Seal
TUSCAN SEAL is a new generation super concentrated almost invisible penetrating sealer designed for use on porous materials such as terracotta and sandstone as well as granite, marble, clay and concrete pavers, limestone, polished stone and porcelain tiles. The sealer is ideal where a long lasting, low maintenance finish is required. TUSCAN SEAL will provide a barrier to staining from commonly encountered materials such as coffee, cooking oils, margarine, wine and general foot traffic. The durability of the product makes it suitable for use in interior and exterior environments and may be buffed if a higher gloss appearance if desired.
TUSCAN SEAL is a complex based resin dispersed in organic solvents. The resin is particularly hard wearing and will maintain its integrity over a period of years. (pack sizes 1 L, 4 L, 10 L, 20 L & 200 L)

Ultima
ULTIMA is a new generation extremely heavy duty penetrating invisible sealer for use on a wide variety of stone limestone and other types of masonry surfaces.

ULTIMA is a WATER BASED sealer which eliminates the problems associated with solvent or spirit based products including odour and flammability. ULTIMA is suitable for both interior and exterior use. ULTIMA is especially formulated to provide the maximum degree of stain resistance against the majority of compounds which will stain a floor (including coffee, vegetable oil, margarine, butter red wine etc) whilst maintaining the natural appearance of the stone appearing as if it is in its raw state. ULTIMA will also allow the transmission of water vapour from the surface. ULTIMA may very slightly darken some surfaces and a small test area is recommended (Pack sizes 1L, 5L, 15L & 200L)

Swimming Pool Supplies

Algaecide
Algaecide winteriser for use in swimming pools. (Liquid or Blocks).

Chlorine 65
65% av chlorine calcium hypochlorite powdered sanitiser.

D E Filter Powder
For use in filtration systems.

Stabilised Dichlor
100% soluble sodium dichloro isocyanurate powdered sanitiser.

Water Treatment Chemicals

Biohib
Microbiological control agents, used in:

Cooling towers
Cooling ponds
Closed water systems
Airwashers

Corrhib
Corrosion and scale inhibitors for use in open and closed recirculating water circuits:

Condensed water
Chilled water
Heating water
Vehicle cooling systems
Industrial cooling systems

Scalehib
Scale inhibitors/dispersants for:

Gold mine process water and elution circuits
Cooling towers
Process plant recirculating and once through systems.

Water Treatment Service
